Geriatrics
DEVOTED TO THE DISEASES AND PROCESSES OF AGING

Index to volume 25

January 1970—December 1970

SUBJECT INDEX

Aging and aged
- challenges of chronic ill aged (case reports, Miller) 102 (Aug.)
- clues to aging sought in monkeys (editorial, Alvarez) 72 (Aug.)
- crimes committed by persons 65 years or older (editorial, Alvarez) 78 (Feb.)
- custodial care not total answer to problems of caring for elderly (Rudd) 158 (Feb.)
- divorce less likely in older couples (What's New?) 37 (Jan.)
- education, national policy sought (What's New?) 64 (Aug.)
- gerontology, clinical, new concepts (editorial, Alvarez) 81 (Nov.)
- gerontology program trains persons for work with older people (What's New?) 44 (Feb.)
- habits, should strong attempt be made to get old people to change? (What's your answer) 68 (Feb.)
- health status study of aged in three villages in India (Raj et al.) 142 (June)
- hearing loss, understanding the problems (Rupp) 100 (Jan.)
- housing and taxes, Wilbur Cohen urges steps to ease problems (Viewpoint) 49 (Feb.)
- malnutrition, "invisibility" may mask scope of problem (Viewpoint) 40 (Jan.)
- mental challenges essential for "the good life" (Viewpoint) 41 (May)
- mentally disturbed, need for care (editorial, Alavrez) 83 (June)
- nonagenarians, functional state (Wigzell) 170 (Sept.)
- old dog who learns new tricks (editorial, Alvarez) 91 (Sept.)
- problems, Commissioner on Aging stresses complexity (Viewpoint) 41 (Nov.)
- retired couple, two-year price rise adds 9% to cost of living (Government & Geriatrics) 18 (Jan.)
- retirement age, financial state (editorial, Alvarez) 84 (May)
- retirement home living, friends, activity helps keep self-esteem (Viewpoint) 51 (Mar.)
- social policy, lack deplored by sociologist (Viewpoint) 35 (Aug.)
- survival limited to biologically elite (editorial, Alvarez) 88 (Oct.)
- training provides job opportunities (editorial, Alvarez) 83 (May)
- views on remarriage (Viewpoint) 53 (Sept.)
- why healthy aged don't live at home (editorial, Alvarez) 78 (Feb.)
- workers 65 and over, bill would exempt from Social Security payroll tax (Government & Geriatrics) 20 (Mar.)

Alcohol
- effects, studies give new insight (Geriscope) 23 (June)
- many general hospitals do not admit alcoholics (Geriscope) 32 (Apr.)
- use by elderly cardiac patient (Archibald & Gefter) 133 (Mar.)
- various beverages, high sodium content found (Geriscope) 31 (Jan.)

Allergy SPECIAL ISSUE
- Aging, immunity, and malignancy (Gatti & Good) 158 (Sept.)
- Allergic rhinitis—seasonal and nonseasonal (Ellis) 113 (Sept.)
- Allergic skin problems in older individuals (Morgan & Keeran) 146 (Sept.)
- Allergy techniques: methods and mechanisms (Beam) 104 (Sept.)
- Management of bronchial asthma in the aged (Criep) 135 (Sept.)
- Problems in allergy with advancing age (Lovell) 101 (Sept.)
- Wheezing patient (Winn) 117 (Sept.)

Alpha-methyl-para-tyrosine may be useful in essential hypertension (What's New?) 71 (June)

Alpha-methyldopa hydrazine may facilitate administration of L-dopa to patients heretofore unable to tolerate (What's New?) 64 (Aug.)

American College of Physicians urges combining of hospital facilities (What's new?) 63 (Aug.)

American Medical Association elects Dr. W. B. Hildebrand chairman of private practice unit (What's New?) 71 (June)

American Nursing Home Association seeks Medicare and Medicaid improvements (What's New?) 76 (Mar.)

American Rheumatism Association hears reports on possible new drugs (Geriscope) 39 (Sept.)

Amputation
- in peripheral-vascular disorders (Skversky & Zislis) 142 (Mar.)
- rehabilitation and management of patient (Zislis) 150 (Mar.)

Anemia, pernicious, and cancer of stomach, relationship (Hoffman) 90 (Apr.)

Aneurysm
- aortic, too-late diagnosis (case reports, In Retrospect) 46 (June)
- resection in geriatric patient (Brant et al.) 95 (June)

Angina pectoris
- pseudo, recognition (case report, Garner & Falk) 87 (Feb.)
- therapy, medical versus surgical (Russek & Zohman) 93 (Feb.)

Angiocardiograms in diagnosing atrial myxoma during life (Clinifoto, Jordan et al.) 96 (Sept.)

Angiograms
- bronchial, in anastomoses between extracardial vessels and coronary arteries (Moberg) 132 (Apr.)
- radioisotope, for detecting carotid occlusive disease (What's New?) 37 (Jan.)

Anticoagulants after infarction (editorial, Alvarez) 84 (May)

Antigen-antibody reactions
- aging, immunity, and malignancy (Gatti & Good) 158 (Sept.)
- antibodies created within teardrops (Geriscope) 28 (Aug.)
- immunotherapy of cancer, current status (Jagarlamoody & McKhann) 155 (Oct.)

Appendix, unnecessary appendectomy versus missed appendicitis (Howie) 136 (June)

ARRHYTHMIA SYMPOSIUM PART 1
- Anatomical basis of AV conduction disturbances (Rosenbaum et al.) 132 (Nov.)
- Differential diagnosis of supraventricular and ventricular tachycardia (Marriott) 91 (Nov.)
- Electrical monitoring of the acutely ill patient (Uhley) 145 (Nov.)
- Potassium and arrhythmias (Davis & Fisch) 108 (Nov.)
- Stress electrocardiography in the diagnosis of arrhythmias (Bellet & Roman) 102 (Nov.)

Use of electrical pacemakers in the management of cardiac arrhythmias (Castillo et al.) 117 (Nov.)

Arrhythmias, cardiac, lidocaine and propranolol treatment (Gianelly & Harrison) 120 (Apr.)

Arteries
arteriosclerosis, when it is blamed too much (case reports, In Retrospect) 60 (Sept.)
carotid, compression test to detect proneness to stroke (editorial, Alvarez) 87 (Oct.)
carotid, detecting occlusive disease (What's New?) 37 (Jan.)
coronary, and extracranial vessels, anastomoses between (Moberg) 132 (Apr.)
coronary thrombosis as cause of myocardial infarction (Chapman) 88 (Jan.)
pulmonary, suction removes clots (What's New?) 73 (Oct.)
vascular thievery (editorial, Alvarez) 83 (May)

Arteriography to avoid misdiagnosis of avascular renal masses (Clinifoto, Weiss et al.) 94 (Mar.)

Arteriosclerosis
peripheral-vascular disorders and aged amputee (Skversky & Zislis) 142 (Mar.)
when it is blamed too much (case reports, In Retrospect) 60 (Sept.)

Arthritis
cartilage degeneration, salicylate therapy (What's New?) 81 (Mar.)
rheumatoid, care and training of elderly patients (Ditunno & Ehrlich) 164 (Mar.)
rheumatoid, complications, causes of death (Geriscope) 30 (Apr.)
rheumatoid, not exclusively disease of youth and middle age (Ehrlich et al.) 103 (Feb.)
surgical management (Stevens) 153 (May)

Aspirin may prevent thrombosis, study shows (What's New?) 63 (Aug.)

Asthma
allergic bronchial, problems in differential diagnosis (case reports, Winn) 117 (Sept.)
bronchial, management in aged (Criep) 135 (Sept.)
mistaken diagnosis (case reports, In Retrospect) 39 (Dec.)

Atheromatosis, relationship to hyperlipoproteins (Herrmann) 103 (Apr.)

Atherosclerosis
cerebral, in Greek and Minnesota populations (Logothetis et al.) 149 (May)
heavy smoking enhances development (What's New?) 79 (Mar.)
zinc sulfate therapy (Clinifoto, Henzel et al.) 82 (Feb.)

Augmentin (HL 523) lowers blood urea in uremic diabetics (What's New?) 69 (Aug.)

B

Beer, sociotherapy, beneficial to aged mental patients (Geriscope) 24 (Aug.)

Betatron for treating inoperable cancer (editorial, Alvarez) 84 (May)

Biopsy
black lesions, avoids needless surgery (What's New?) 76 (May)
bronchial tree, new technique (What's New?) 78 (May)
skin, necessity on suspicious lesions (Spencer & Kierland) 81 (Apr.)

Blood
clots, suction removes from pulmonary arteries (What's New?) 73 (Oct.)
donors, cut-off age increased to 66 (What's New?) 66 (Apr.)
hyperlipoproteinemias, theories of pathogenesis, diagnosis, classification, and treatment (Herrmann) 103 (Apr.)
pernicious anemia, cancer of stomach, relationship (Hoffman) 90 (Apr.)
synthetic, tested in dogs (Geriscope) 28 (Feb.)

Bones
ceramic prostheses for joint replacement (Geriscope) 25 (Feb.)
osteoporosis, therapeutic progress (Stein & Beller) 159 (Mar.)
periarticular ectopic ossification in hemiplegics (case reports, Radt) 142 (Feb.)

BOOK REVIEWS
Andrus: The Wisdom of Ethel Percy Andrus 228 (Mar.)
Boyd: A Textbook of Pathology: Structure and Function in Disease 186 (June)
Brecher & Brecher: The Rays 197 (Aug.)
Danowski: Diabetes As a Way of Life 83 (Sept.)
Frankel & Burstein: Orthopaedic Biomechanics 193 (Aug.)
Geist: The Psychological Aspects of Retirement 237 (May)
Goldberg (ed.): Blindness Research: The Expanding Frontiers 191 (Jan.)
Goldberg & Fine (eds.): Symposium: Treatment of Diabetic Retinopathy 192 (Jan.)
Greenblatt: Search the Scriptures 193 (Apr.)
Guild: After Your Heart Attack 241 (May)
Hollingsworth: Local and Systemic Complications of Rheumatoid Arthritis 237 (May)
Kales: Sleep: Physiology and Pathology 197 (Aug.)
Kritchevsky (ed.): Progress in Biochemical Pharmacology (Second International Symposium on Drugs affecting Lipid Metabolism: Vol. 2: Part I, Vol. 3: Part II) 191 (Apr.)
Lowenthal & Zilli (eds.): Colloquium on Health and Aging of the Population 83 (Sept.)
Luce & Segal: Insomnia: The Guide for Troubled Sleepers 237 (May)
Miller: The Extended Care Facility: A Guide to Organization and Operation 227 (Mar.)
Moore: Post-Traumatic Pulmonary Insufficiency 191 (Jan.)
Netter: The Ciba Collection of Medical Illustrations, Vol. 5: Heart 191 (Apr.)
Peterson: Answer to Arthritis 200 (Feb.)
Rodman & Sterling: Pulmonary Emphysema and Related Lung Diseases 192 (Jan.)
Stare: Eating for Good Health 191 (Apr.)
Stein: Practical Psychotherapy in Nonpsychiatric Specialties 186 (June)
Steinberg & Bearn (eds.): Progress in Medical Genetics, Vol. VI 193 (Aug.)
Trueta: Studies of the Development and Decay of the Human Frame 190 (Aug.)
Viswanathan: Medical Problems of Old Age 241 (May)
Weyrauch: Life After Fifty: The Prostatic Age 83 (Sept.)

Brain
cerebral atherosclerosis, in Greek and Minnesota populations (Logothetis et al.) 149 (May)
changes with aging, rat studies may clarify (Geriscope) 24 (May)
coronary artery thrombosis as cause of myocardial infarction (Chapman) 88 (Jan.)
encephalitis lethargica and Parkinson's disease (Hull) 128 (May)
encephalopathy, hepatic, lactulose treatment (What's New?) 74 (Nov.)
lesions caused by cerebral ischemia (editorial, Alvarez) 89 (Mar.)
pathology, psychometric tests in evaluation, response to drugs (Lehmann & Ban) 142 (Apr.)

Breast
cancer, detection rates (What's New?) 76 (Sept.)
mastectomy, thoughts about (editorial, Alvarez) 77 (Feb.)

Bronchi
allergic bronchial asthma, problems in differential diagnosis (case reports, Winn) 117 (Sept.)
bronchial asthma, management in aged (Criep) 135 (Sept.)
bronchial cancer, pulmonary infarction during its development (case reports, Galy et al.) 116 (Jan.)
bronchial tree, biopsy technique (What's New?) 78 (May)
morphologic bronchitis, changes with time (Helgason et al.) 101 (May)

Burns, supranormal diet for hypermetabolic state (What's New?) 74 (Nov.)

C

Cancer
aggressive treatment, should it be undertaken when success is doubtful, regardless of expense or possibility of increasing morbidity? (What's your answer) 32 (Oct.)
breast, detection rates (What's New?) 76 (Sept.)
bronchial, pulmonary infarction during its development (case reports, Galy et al.) 116 (Jan.)
carcinomatosis, generalized, improperly diagnosed (case reports, In Retrospect) 57 (Feb.)
colon, presenting ambiguous picture (case reports, In Retrospect) 46 (Nov.)
complexities of rehabilitating the patient (Zislis) 150 (Mar.)
increasing incidence of malignancy with aging, and immunity (Gatti & Good) 158 (Sept.)
inoperable, betatron treatment (editorial, Alvarez) 84 (May)
laryngeal, results of various treatments in 100 cases (Kelly) 126 (Jan.)
leukemia and lymphoma, controversial aspects of treatment (White) 82 (Dec.)
liver, percutaneous infusion of 5-fluorouracil (What's New?) 66 (Aug.)
lung, comparison of resected and remaining lung obtained after death (Helgason et al.) 101 (May)
lung, mistaken for asthma (case reports, In Retrospect) 39 (Dec.)
lung, unusual X-ray findings (Clinifoto, Garrison et al) 88 (June)
pancreas, diagnosis and treatment (Ansari) 91 (Jan.)

pancreas, diagnosis missed (case reports, In Retrospect) 57 (Feb.)
renal, which mimics cyst (Clinifoto, Weiss et al.) 94 (Mar.)
stomach, and pernicious anemia, relationship (Hoffman) 90 (Apr.)
uterine cervix, radiotherapy (Badib et al.) 108 (Jan.)
virus study, highly isolated groups of people sought (Geriscope) 26 (Jan.)

CANCER SPECIAL ISSUE
Cancer gestalt (Brennan) 96 (Oct.)
Common medical problems in disseminated cancer (Taylor) 102 (Oct.)
Hormone therapy in cancer (Kennedy) 106 (Oct.)
Immunotherapy of cancer—current status (Jagarlamoody & McKhann) 155 (Oct.)
Improved prognosis for survival following earlier detection of cancer (Gilbertsen) 149 (Oct.)
Investigational and practical chemotherapy of solid tumors (Talley) 113 (Oct.)
Molecular biology of anticancer agents (Yarbro) 135 (Oct.)
Oncology: an introduction to the cancer issue (Kennedy) 95 (Oct.)
Opportunistic infections in neoplastic diseases (Theologides) 126 (Oct.)

Carbohydrate, insulin, and lipid interrelationship in ischemic vascular disease (Gertler et al.) 134 (May)

Cardiovascular disorders
rehabilitation of elderly cardiac patient (Archibald & Gefter) 133 (Mar.)
surgery in elderly patients (Weisz et al.) 166 (Oct.)

Cartilage degeneration, salicylate therapy (What's New?) 81 (Mar.)

Cells
aging, induced by enzyme defects (editorial, Alvarez) 72 (Aug.)
fat, subcutaneous, inflammatory disease (Macdonald) 156 (Nov.)
skin, human, change from viral DNA (Geriscope) 28 (Feb.)

Census, elderly urged to apply for enumerator jobs (Government & Geriatrics) 27 (Apr.)

Cerebrovascular disease
diagnosis, new techniques (editorial, Alvarez) 78 (Feb.)
"hopeless" stroke, look back at medical mistakes (In Retrospect) 48 (Jan.)
ischemic, carbohydrate, insulin, and lipid interrelationship (Gertler et al.) 134 (May)
rehabilitation after stroke, philosophy (Policoff) 99 (Mar.)
rehabilitation and physical therapy, medical perspective (Dervitz & Zislis) 123 (June)
value of early rehabilitation (Wylie) 107 (May)

Chemotherapy, investigational and practical, of solid tumors (Talley) 113 (Oct.)

Cholesterol
control in animals, man (What's New?) 44 (Feb.)
hyperlipoproteinemias in prematurely aged (Herrmann) 103 (Apr.)

Cineangiocardiograms in diagnosing myxoma during life (Clinifoto, Jordan et al.) 96 (Sept.)

Circulation
anastomoses between extracranial vessels and coronary arteries (Moberg) 132 (Apr.)
ischemia, cerebral, as cause of brain lesions (editorials, Alvarez) 89 (Mar.)
postsurgical ambulation, warning about early (What's New?) 79 (Mar.)
revascularization of ischemic heart, artificially formed collagen vessels in dogs (Benjamin) 118 (Feb.)

CLINIFOTO
common cause of failing vision in aged (Scheffler) 76 (Apr.)
difficulty in diagnosing atrial myxoma during life (Jordan et al.) 96 (Sept.)
direct look at mediastinum (Bilgutay et al.) 69 (Jan.)
electron microscope looks at tumor cells (Williams & Ratcliffe) 77 (Aug.)
half century look at giant-cell tumors (Dahlin et al.) 90 (Oct.)
renal cancer which mimics a cyst (Weiss et al.) 94 (Mar.)
scintiscanning for tumors with gallium 67 (Edwards & Hayes) 56 (Dec.)
spark-imaging camera gives picture of thyroid disease (Powsner et al.) 88 (May)
unusual X-ray findings in pulmonary lymphoma (Garrison et al.) 88 (June)
when corticosteroid crystals confuse a diagnosis of gout (Kahn et al.) 86 (Nov.)
zinc sulfate therapy in atherosclerosis (Henzel et al.) 82 (Feb.)

Colon cancers which present ambiguous pattern (case reports, In Retrospect) 46 (Nov.)

Coma, hyperosmolar, geriatric medical emergency (case report, Cohen) 102 (June)

Cornell Medical Index Health Questionnaire (CMI), familial clinical patterns in the dentist and his wife (Cheraskin & Ringsdorf) 123 (Feb.)

Corticosteroids
crystals, confusing diagnosis of gout (Clinifoto, Kahn et al.) 86 (Nov.)
effect on nephrosis in rats (What's New?) 73 (Oct.)

Cysts
misdiagnosed, actually avascular renal masses (Clinifoto, Weiss et al.) 94 (Mar.)
thyroglossal duct, in elderly (Sammarco & McKenna) 98 (Aug.)

D

Death
airliner, rate remains quite low (What's New?) 76 (May)
causes, in rheumatoid arthritis (Geriscope) 30 (Apr.)
homicide continues to rise in U.S. (Geriscope) 28 (Aug.)
mental distress of aging widow (editorial, Alvarez) 84 (June)
review of "But Not to Lose" (editorial, Alvarez) 54 (Dec.)
sudden, from coronary heart disease (What's New?) 74 (Nov.)
views of aged in nursing homes (Roberts et al.) 115 (Apr.)
when to stop prolonging life (editorial, Alvarez) 71 (Aug.)

Deoxyribonucleic acid (DNA), viral, human cell change from (Geriscope) 28 (Feb.)

Diabetes
amputation in elderly (Skversky & Zislis) 142 (Mar.)
coma, hyperosmolar, geriatric medical emergency (case report, Cohen) 102 (June)
uremia, HL 523 lowers blood urea (What's New?) 69 (Aug.)

Diagnosis, follow-the-leader, can trap unwary (case report, In Retrospect) 55 (May)

Diet
for hyperlipidemia, ten years' treatment (Lewis et al.) 64 (Dec.)
for osteoporosis patients (Stein & Beller) 159 (Mar.)
malnutrition, attack causes asks White House panel (Government and Geriatrics) 18 (Feb.)
malnutrition, "invisibility" may mask scope of problem (Viewpoint) 40 (Jan.)
nutritious, prescribed caloric content, need of adhering by cardiac patient (Archibald & Gefter) 133 (Mar.)
sodium-restricted, high sodium content found in various alcoholic beverages (Geriscope) 31 (Jan.)
supranormal, for burn patients (What's New?) 74 (Nov.)

Digitalis in cardiogenic shock (Special Communication, Weisman) 178 (Oct.)

Disability rate higher in women employees (Geriscope) 29 (Oct.)

Dixyrazine and inositol nicotinate, in evaluating symptomatic geriatric treatment (Sourander et al.) 124 (Aug.)

Doppler ultrasound examination for detecting carotid occlusive disease (What's New?) 37 (Jan.)

Drugs
antacids, dual effect on heartburn (What's New?) 77 (Oct.)
anticancer agents, molecular biology (Yarbro) 135 (Oct.)
for osteoporosis (Stein & Beller) 159 (Mar.)
for various types of hyperlipemias (Herrmann) 103 (Apr.)
how they prevent motion sickness (What's New?) 74 (Nov.)
in care of elderly patients with rheumatoid arthritis (Ditunno & Ehrlich) 164 (Mar.)
in management and rehabilitation of elderly cardiac patient (Archibald & Gefter) 133 (Mar.)
new, rheumatism group hears reports (Geriscope) 39 (Sept.)
psychiatric use and abuse (Daniel) 144 (Jan.)
response, psychometric tests in evaluation of brain pathology (Lehmann & Ban) 142 (Apr.)

DTPA halts gas gangrene infection (What's New?) 81 (Oct.)

E

Ear see Hearing

Electrocardiogram
atypical patterns in evolution of acute myocardial infarction (Mussafia & Puddu) 172 (May)
monitoring of acutely ill patient (Uhley) 145 (Nov.)
stress, in diagnosis of arrhythmias (Bellet & Roman) 102 (Nov.)

terminal, pathological and clinical correlations (Rodstein & Bornstein) 91 (Dec.)

Electrophoretogram in diagnosis and classification of hyperlipoproteinemias (Herrmann) 103 (Apr.)

Embolism
pulmonary, incidence in elderly (Morrell) 138 (Aug.)
pulmonary, umbrella device for prevention of reoccurrence (What's New?) 42 (Feb.)

Emphysema, clinical and experimental investigations of its pathogenesis (Ulmer) 164 (May)

Enterostomy, rehabilitation and management of patient (Zislis) 150 (Mar.)

Enzyme defects can induce cell aging (editorial, Alvarez) 72 (Aug.)

Esucos® UCB (dixyrazine) and inositol nicotinate, in evaluating symptomatic geriatric treatment (Sourander et al.) 124 (Aug.)

Euthanasia, when to stop prolonging life (editorial, Alvarez) 71 (Aug.)

Exercise
arrhythmias during (What's New?) 63 (Aug.)
in chronic lung disease (What's New?) 76 (Sept.)
range-of-motion, strengthening, endurance, in rheumatoid arthritis (Ditunno & Ehrlich) 164 (Mar.)

Eyes, degeneration, senile macular, common cause of failing vision (Clinifoto Scheffler) 76 (Apr.)

F

Fat, subcutaneous, inflammatory disease (Macdonald) 156 (Nov.)

Fats and lipids
hyperlipidemia, ten years' dietary treatment (Lewis et al.) 64 (Dec.)
hyperlipoproteinemias, theories of pathogenesis, diagnosis, classification, and treatment (Herrmann) 103 (Apr.)
inherited hyperlipoproteinemia, monkey model useful (What's New?) 39 (Jan.)
lipid, carbohydrate, and insulin interrelationship in ischemic vascular disease (Gertler et al.) 134 (May)

Food and Drug Administration cautions on Mexican pottery (What's new?) 76 (Sept.)

Fractures caused by osteoporosis (editorial, Alvarez) 84 (June)

Framingham Study, fourteen-year follow-up of myocardial infarction (Kannel et al.) 75 (Jan.)

Freud, Sigmund, reflections of his widow (editorial, Alvarez) 84 (June)

G

Gastrointestinal tract
cancer, rehabilitation of patient with enterostomy (Zislis) 150 (Mar.)
enterectomy, parenteral nutrition after, in dogs (What's New?) 72 (June)
jaundice, in geriatric patient (O'Brien & Tan) 114 (May)

GERISCOPE
alcoholism not treated in many general hospitals 32 (Apr)
antibodies created within teardrops 28 (Aug.)
beer sociotherapy can benefit aged mental patients 24 (Aug.)
causes of death, complications in arthritis patients 30 (Apr.)
ceramic "bone" holds promise for joint replacement 25 (Feb.)
could metals added to drinking water benefit the heart? 31 (Nov.)
high sodium content found in various alcoholic beverages 31 (Jan.)
highly isolated groups of people sought in cancer virus study 26 (Jan.)
homicide continues to rise in U.S. 28 (Aug.)
human cell change from viral DNA 28 (Feb.)
potential value of growth hormone in osteoporosis 34 (Mar.)
quick discharge possible for many surgical patients 21 (Dec.)
rat studies may clarify brain changes with aging 24 (May)
rheumatism group hears reports on possible new drugs 39 (Sept.)
studies give new insight into effects of alcohol 23 (June)
synthetic blood tested in dogs 28 (Feb.)
theory could lead to chemical control of taste 29 (Mar.)
women employees show much higher disability rate 29 (Oct.)

Gerontology, experimental, and control of aging (Comfort) 176 (Mar.)

Glucagon as postsurgical cardiodynamic agent (What's New?) 71 (June)

Gout, diagnosis confused by corticosteroid crystals (Clinifoto, Kahn et al.) 86 (Nov.)

GOVERNMENT AND GERIATRICS
attack causes of malnutrition, asks White House panel 18 (Feb.)
bill would reduce tax load on over-65 worker 20 (Mar.)
census-taker jobs open to elderly 27 (Apr.)
Congressman's crusade to improve nursing homes 20 (Oct.)
long debate due on issue of national health insurance 26 (Sept.)
Medicaid tightens standards of care in nursing homes 18 (June)
Medicare Part C would spur prepaid group practice 18 (May)
National Heart Institute renamed 21 (Feb.)
nursing home fire spurs U.S. action on safety rules 20 (Apr.)
nursing home tragedy, just the tip of the iceberg? 22 (Nov.)
nursing homes face increasing degree of regulation 16 (Dec.)
task force urges major revamping of Medicare 18 (Aug.)
two-year price rise adds 9% to retired couple's cost of living 18 (Jan.)

Grafts, vein bypass, instant revascularization (What's New?) 77 (Oct.)

H

Haloperidol, clinical evaluation (Tobin et al.) 119 (June)

Health Status Study in India, of aged in three villages (Raj et al.) 142 (June)

Hearing
presbycusis, understanding the problems (Rupp) 100 (Jan.)
problems in aural rehabilitation (Barr) 111 (June)

Heart
angina pectoris, medical versus surgical therapy (Russek & Zohman) 93 (Feb.)
aortic valve replacement in 86-year-old woman (Robicsek et al.) 61 (Dec.)
arrhythmias and potassium values (Davis & Fisch) 108 (Nov.)
arrhythmias during strenuous exercise (What's new?) 63 (Aug.)
arrhythmias, lidocaine and propranolol treatment (Gianelly & Harrison) 120 (Apr.)
atrial myxoma, difficulty in diagnosing during life (Clinifoto, Jordan et al.) 96 (Sept.)
attack, electrical monitoring of acutely ill patient (Uhley) 145 (Nov.)
block, AV conduction disturbances, anatomical basis (Rosenbaum et al.) 132 (Nov.)
cardiac arrhythmias, management, use of electrical pacemakers (Castillo et al.) 117 (Nov.)
cardiodynamics improved by glucagon (What's New?) 71 (June)
cardiogenic shock, digitalis in (Special Communication, Weisman) 178 (Oct.)
cardiogenic shock, value of balloon pumping (What's New?) 64 (Apr.)
congestive failure, curable (case reports, Farr & Abelmann) 81 (Aug.)
coronary artery thrombosis as cause of myocardial infarction (Chapman) 88 (Jan.)
coronary disease, sudden deaths (What's New?) 74 (Nov.)
coronary risk factors after myocardial infarction (What's New?) 72 (June)
disease, metals added to drinking water may be beneficial (Geriscope) 31 (Nov.)
disease, rehabilitation of elderly patient (Archibald & Gefter) 133 (Mar.)
failure, acute, value of ethacrynic acid (What's New?) 73 (Oct.)
ischemic, artificially formed collagen vessels for revascularization in dogs (Benjamin) 118 (Feb.)
mitral and aortic valve replacement (Vidne & Levy) 136 (Jan.)
myocardial rupture in old age (case reports, Sugiura & Okada) 130 (Feb.)
pacing, methodology: Part II (Samet et al.) 111 (Aug.)
pseudoangina, recognition of underlying causes (case report, Garner & Falk) 87 (Feb.)
stenosis, anastomoses between extracardial vessels and coronary arteries (Moberg) 132 (Apr.)
stress electrocardiograms in diagnosis of arrhythmias (Bellet & Roman) 102 (Nov.)
tachycardia, supraventricular and ventricular, differential diagnosis (Marriott) 91 (Nov.)
terminal electrocardiograms, pathological and clinical correlations (Rodstein & Bornstein) 91 (Dec.)
transplant rejections (What's New?) 78 (May)
transplant, would you refer patient if you thought him a likely candidate? (What's your answer) 32 (June)
transplantation, a look at the future (What's New?) 66 (Apr.)
unrecognized myocardial infarction, Framingham Study follow-up (Kennel et al.) 75 (Jan.)

ventricular premature contractions (What's New?) 81 (Oct.)

Hereditary disorders
hyperlipoproteinemia, affected patient's family should have electrophoretic serum analysis (Herrmann) 103 (Apr.)
hyperlipoproteinemia, monkey model useful (What's New?) 39 (Jan.)

Hexanicit® (inositol nicotinate) and dixyrazine, in evaluating symptomatic geriatric treatment (Sourander et al.) 124 (Aug.)

HL 523 lowers blood urea in uremic diabetics (What's new?) 69 (Aug.)

Hormones
exogenous growth, potential value in osteoporosis (Geriscope) 34 (Mar.)
routine use after menopause (What's your answer) 40 (Mar.)
therapy in cancer (Kennedy) (106 (Oct.)

Hospitals
early discharge often possible (Geriscope) 21 (Dec.)
expenses rise among community hospitals (What's new?) 64 (Aug.)

Hypertension, essential, alpha-methyl-para-tyrosine may be useful (What's New?) 71 (June)

Hypochondriacs difficult to deal with? Thumb rule for managing? (What's your answer) 35 (Nov.)

I

IN RETROSPECT
asthmatic wheeze which isn't caused by asthma 39 (Dec.)
colon cancers which present ambiguous picture 46 (Nov.)
follow-the-leader diagnosis can trap the unwary 55 (May)
look back at medical mistakes: "hopeless" strokes 48 (Jan.)
medical mistakes: misdiagnosis of nervous fatigue (case reports) 57 (Feb.)
overblamed and underblamed thyroid gland 50 (Oct.)
parathyroid adenomas which go unrecognized (case reports) 60 (Mar.)
too-late diagnosis of aortic aneurysm 46 (June)
when a misleading symptom delays correct diagnosis 53 (Apr.)
when presumptive diagnoses are presuming too much 40 (Aug.)

Phosphorus, radioactive (^{32}P), for rectal evaluation (Lanza & Nelson) 96 (Apr.)

Population, zero growth could lead to better life (Viewpoint) 39 (June)

Potassium and arrhythmias (Davis & Fisch) 108 (Nov.)

Propranolol, antiarrhythmic properties: review (Gianelly & Harrison) 120 (Apr.)

Prostate gland, prostatectomy, indications (Weinberg & Kovetz) 114 (June)

Prostheses
artificial leg, for aged amputee (Skversky & Zislis) 142 (Mar.)
ceramic bone for joint replacement (Geriscope) 25 (Feb.)

Pseudoangina, recognition (case report, Garner & Falk) 87 (Feb.)

Psychoneuroses
anxiety, rehabilitation of cancer patient (Zislis) 150 (Mar.)
beer sociotherapy beneficial to aged mental patients (Geriscope) 24 (Aug.)
emotional disturbances of old age, need for optimal care (Sloane & Frank) 125 (Mar.)
familial clinical patterns (Cheraskin & Ringsdorf) 123 (Feb.)
hypochondriacs, difficult to deal with? Thumb rule for managing? (What's your answer) 35 (Nov.)
mentally disturbed aged person, need for care (editorial, Alvarez) 83 (June)
psychiatric drug use and abuse (Daniel) 144 (Jan.)
psychological methods applied to evaluate symptomatic geriatric treatment (Sourander et al.) 124 (Aug.)
psychological needs of the elderly (Rudd) 158 (Feb.)
senile mental syndrome, clinical evaluation of haloperidol (Tobin et al.) 119 (June)

R

Radioisotopes
electron microscope looks at tumor cells (Clinifoto, Williams & Ratcliffe) 77 (Aug.)
gallium 67 for tumor scanning (Clinifoto, Edwards & Hayes) 56 (Dec.)
in determining systemic nature of Sjögren's syndrome (Silbiger) 114 (Feb.)
thyroid disease, spark-imaging camera gives picture (Clinifoto, Powsner et al.) 88 (May)

Rectum, evaluation with radioactive phosphorus (Lanza & Nelson) 96 (Apr.)

Rehabilitation
aural, effective program necessary (Barr) 111 (June)
early, value in stroke (Wylie) 107 (May)
mosaic of personal relationships in geriatrics (Rudd) 158 (Feb.)
physical therapy and stroke, medical perspective (Dervitz & Zislis) 123 (June)
services, not available to people all over world (What's New?) 66 (Apr.)
warning about early postsurgical ambulation (What's New?) 79 (Mar.)

Rehabilitation SPECIAL ISSUE
Aged patient with a peripheral neuropathy (Herbison) 108 (Mar.)
Care and training of elderly patients with rheumatoid arthritis (Ditunno & Ehrlich) 164 (Mar.)
Mentally afflicted old person (Sloane & Frank) 125 (Mar.)
Peripheral-vascular disorders and the aged amputee (Skversky & Zislis) 142 (Mar.)

Philosophy of stroke rehabilitation (Policoff) 99 (Mar.)
Rehabilitation of the cancer patient (Zislis) 150 (Mar.)
Rehabilitation of the elderly cardiac patient (Archibald & Gefter) 133 (Mar.)
Therapeutic progress in osteoporosis (Stein & Beller) 159 (Mar.)

Retirement
can be waste of manpower (editorials, Alvarez) 89 (Mar.)
health patterns of migrant retirees (editorial, Alvarez) 87 (Oct.)
home living, friends, activity help keep self-esteem (Viewpoint) 51 (Mar.)
sixty-five too young for some men (editorial, Alvarez) 82 (Nov.)
utilizing skills (editorial, Alvarez) 71 (Apr.)

Rheumatism
possible new drugs, American Rheumatism Association hears reports (Geriscope) 39 (Sept.)
see also Arthritis, rheumatoid

Roentgen examination
in osteoporosis (Stein & Beller) 159 (Mar.)
in Sjögren's disease (Silbiger) 114 (Feb.)
unusual findings in pulmonary lymphoma (Clinifoto, Garrison et al.) 88 (June)

Roentgen therapy for carcinoma of uterine cervix (Badib et al.) 108 (Jan.)

S

Salicylates in cartilage degeneration (What's New?) 81 (Mar.)

Scanning
gallium 67, for tumors (Clinifoto, Edwards & Hayes) 56 (Dec.)
tumor cells, by electron microscope (Clinifoto, Williams & Ratcliffe) 77 (Aug.)
see also Radioisotopes

Sensory response, taste sensitivity, theory could lead to chemical control (Geriscope) 29 (Mar.)

Sex, if information needed, should physician ask about patient's practices and act as counselor? (What's your answer) 38 (Apr.)

Sjögren's syndrome, radiographic features (Silbiger) 114 (Feb.)

Skin
aging, problems and causes (Spencer & Kierland) 81 (Apr.)
allergic, problems in elderly (Morgan & Keeran) 146 (Sept.)
repair after inflammatory disease of subcutaneous fat (Macdonald) 156 (Nov.)

Smoking
cigarettes, more Americans stop (What's New?) 63 (Aug.)
heavy, enhances development of atherosclerosis (What's New?) 79 (Mar.)

Social Security payroll tax, bill would exempt over-65 workers (Government & Geriatrics) 20 (Mar.)

Sodium
chloride, high content found in various alcoholic beverages (Geriscope) 31 (Jan.)
fluoride, for osteoporosis (editorials, Alvarez) 90 (Mar.)

SPECIAL COMMUNICATION, digitalis in cardiogenic shock (Weisman) 178 (Oct.)

Spine, vertebrae, metastatic disease misdiagnosed as nervous fatigue (case reports, In Retrospect) 57 (Feb.)

Spintharicon, spark-imaging camera, gives picture of thyroid disease (Clinifoto, Powsner et al.) 88 (May)

Stomach
resection, neuromuscular disorder after (editorial, Alvarez) 53 (Dec.)
see also Cancer

Stroke
diagnosis, new techniques (editorial, Alvarez) 78 (Feb.)
"hopeless," a look back at medical mistakes (In Retrospect) 48 (Jan.)
rehabilitation and physical therapy, medical perspective (Dervitz & Zislis) 123 (June)
rehabilitation philosophy (Policoff) 99 (Mar.)
screening to detect proneness (editorial, Alvarez) 87 (Oct.)
value of early rehabilitation (Wylie) 107 (May)

Surgical procedures
aneurysm resection in geriatric patient (Brant et al.) 95 (June)
bowel anastomoses, value of iodized catgut (What's New?) 76 (May)
for periarticular ectopic ossification in hemiplegics (case reports, Radt) 142 (Feb.)
heart valve replacement using cardiopulmonary bypass (Vidne & Levy) 136 (Jan.)
revascularization of ischemic heart, artificially formed collagen vessels in dogs (Benjamin) 118 (Feb.)
revascularizing the myocardium versus medical therapy for angina (Russek & Zohman) 93 (Feb.)
synovectomy after medical management fails in rheumatoid arthritis (Ditunno & Ehrlich) 164 (Mar.)
vascular, in elderly patients (Weisz et al.) 166 (Oct.)

T

Teeth, decay prevention, test of plastic paint (What's New?) 39 (Feb.)

Tests
blood urea, yearly check to aid diagnosis of urologic disease (editorial, Alvarez) 72 (Apr.)
diagnostic, National Institutes of Health and the National Bureau of Standards project seeks to improve reliability (What's New?) 64 (Apr.)
^{32}P (radioactive phosphorus), for rectal evaluation (Lanza & Nelson) 96 (Apr.)
psychological, to evaluate symptomatic geriatric treatment (Sourander et al.) 124 (Aug.)
psychometric, in evaluation of brain pathology, response to drugs (Lehmann & Ban) 142 (Apr.)

Thermography, infrared, for detecting carotid occlusive disease (What's New?) 37 (Jan.)

Thrombosis
aspirin may prevent, study shows (What's New?) 63 (Aug.)
coronary artery, cause of myocardial infarction (Chapman) 88 (Jan.)

Thymus gland, aging, immunity, and malignancy (Gatti & Good) 158 (Sept.)

Thyroid gland
cysts, thyroglossal duct, in elderly (Sammarco & McKenna) 98 (Aug.)
disease, spark-imaging camera gives picture (Clinifoto, Powsner et al.) 88 (May)
overblamed and underblamed (case reports, In Retrospect) 50 (Oct.)

Tobacco, use by elderly cardiac patient (Archibald & Gefter) 133 (Mar.)

Tumors
adenomas, parathyroid, which go unrecognized (case reports, In Retrospect) 60 (Mar.)
atrial myxoma, difficulty in diagnosing during life (Clinifoto, Jordan et al.) 96 (Sept.)
cells, looked at by electron microscope (Clinifoto, Williams & Ratcliffe) 77 (Aug.)
giant-cell, half-century look (Clinifoto, Dahlin et al.) 90 (Oct.)
renal neoplasms, misdiagnosed as cysts (Clinifoto, Weiss et al.) 94 (Mar.)
scintiscanning with gallium 67 (Clinifoto, Edwards & Hayes) 56 (Dec.)
solid, investigational and practical chemotherapy (Talley) 113 (Oct.)

U

Umbrella for pulmonary embolism (What's New?) 42 (Feb.)

Urinary tract
indications for prostatectomy (Weinberg & Kovetz) 114 (June)
uremic diabetics, HL 523 lowers blood urea (What's New?) 69 (Aug.)
yearly check of blood urea to aid diagnosis of disease (editorial, Alvarez) 72 (Apr.)

Uterus, cervical carcinoma, radiotherapy (Badib et al.) 108 (Jan.)

V

Veins
bypass grafts, instant revascularization (What's New?) 77 (Oct.)
varicose, in aged (Rakov) 94 (Aug.)

Veterans Administration hospital, new rules (What's New?) 72 (June)

VIEWPOINT OF:
Anderson, Nancy N., Ph.D., on the effects of retirement home living 51 (Mar.)
Armer, Paul, on technology outgrowing the man 29 (Dec.)
Cohen, Wilbur J., on necessity for easing housing, tax problems of aged 49 (Feb.)
Day, Lincoln, H., Ph.D., on zero population growth leading to better life for all 39 (June)
Eagleton, Senator Thomas F., on perils of building health care hopes without funds to implement programs 35 (Oct.)
Goldfarb, Alvin I., M.D., on how doctor-patient role makes psychiatrists of all physicians 45 (Apr.)
Kent, Donald P., Ph.D., on lack of social policy for aged 35 (Aug.)

Mark, Henry J., Sc.D., on mental challenges being essential to aged for "the good life" 41 (May)
Martin, John B., U.S. commissioner on Aging, on complexity of problems of elderly 41 (Nov.)
McGovern, Senator George, on "invisibility" of aged masking scope of malnutrition problem 40 (Jan.)
McKain, Walter C., Ph.D., on remarriage late in life 53 (Sept.)

Vitamin E, how valuable? (editorial, Alvarez) 52 (Dec.)

Voice problems, causes and management (Cooper) 107 (June)

W

Water, international symposium suggests metals added to drinking water may be beneficial (Geriscope) 31 (Nov.)

WHAT'S NEW?
a look at the future of heart transplantation 66 (Apr.)
airliner fatality rate remains quite low 76 (May)
AMA elects chairman of private practice unit 71 (June)
AMA official urges interdisciplinary health plan agency 76 (Mar.)
American College of Physicians urges combining of hospital facilities 63 (Aug.)
antacids appear to have dual effect on heartburn 77 (Oct.)
arrhythmias during strenuous exercise 63 (Aug.)
aspirin may prevent thrombosis, study shows 63 (Aug.)
biopsy of black lesions avoids needless surgery 76 (May)
biopsy technique for bronchial tree 78 (May)
caution on Mexican pottery 76 (Sept.)
cholesterol control in animals, man 44 (Feb.)
coronary risk factors after myocardial infarction 72 (June)
detecting carotid occlusive disease 37 (Jan.)
detection rates in breast cancer 76 (Sept.)
divorce less likely in older couples 37 (Jan.)
drug combination allows smaller doses of L-dopa 64 (Aug.)
drug lowers blood urea in uremic diabetics 69 (Aug.)
drug may be useful in essential hypertension 71 (June)
effect of steroids on nephrosis in rats 73 (Oct.)
exercise in chronic lung disease 76 (Sept.)
glucagon as postsurgical cardiodynamic agent 71 (June)
heart rejection 78 (May)
hospital expenses rise 64 (Aug.)
how drugs prevent motion sickness 74 (Nov.)
instant revascularization from vein bypass grafts 77 (Oct.)
Institute of Gerontology program 44 (Feb.)
intermittent salicylates in cartilage degeneration 81 (Mar.)
lactulose treatment of hepatic encephalopathy 74 (Nov.)
monkey model of hyperlipoproteinemia 39 (Jan.)
more Americans stop smoking cigarettes 63 (Aug.)
national policy sought on education for aged 64 (Aug.)
new compound blocks gas gangrene infection 81 (Oct.)
new Medicare rules set for profit-making facilities 64 (Apr.)
new nursing home organization formed 39 (Feb.)
new VA hospital rules 72 (June)
new welfare research institute established 84 (Mar.)
notes and notices 45 (Feb.)
nurse need projected 69 (Aug.)
nursing home group seeks Medicare changes 76 (Mar.)
older blood donors 65 (Apr.)
parenteral nutrition after small bowel resection 72 (June)
percutaneous infusion of 5-fluorouracil for cancer 66 (Aug.)
phentolamine for ventricular premature contractions 81 (Oct.)
project seeks to improve reliability of lab tests 64 (Apr.)
scientists interviewed to provide autobiographies 78 (May)
smoking link seen to atherosclerosis 79 (Mar.)
suction removes clots from pulmonary arteries 73 (Oct.)
sudden deaths from coronary heart disease 74 (Nov.)
supranormal diet for burn patients 74 (Nov.)
test of plastic paint to prevent tooth decay 39 (Feb.)
300 million people lack rehabilitation services 66 (Apr.)
umbrella device for pulmonary embolism 42 (Feb.)
VA increases rate paid states for veteran care 79 (Mar.)
value of balloon pumping in cardiogenic shock 64 (Apr.)
value of ethacrynic acid in acute heart failure 73 (Oct.)
value of iodized catgut in bowel anastomoses 76 (May)
warning about early postsurgical ambulation 79 (Mar.)
winner of Passano award 64 (Aug.)

WHAT'S YOUR ANSWER
Do you believe the doctor's image has suffered in your community in recent years? Why or why not? 25 (Dec.)
Do you find it difficult to deal with hypochondriacs? Do you have a thumb rule for managing such patients? 35 (Nov.)
How far should a physician go in coercing recalcitrant patient into accepting vital therapy? 32 (May)
Should a mentally alert old person who is fatally ill be told he's going to die? 54 (Jan.)
Should a physician, where he feels the information is needed, ask about a patient's sex practices and act as a sex counselor? 38 (Apr.)
Should aggressive cancer treatment be undertaken when success is doubtful, regardless of expense or possibility of increasing morbidity? 32 (Oct.)
Should strong attempts be made to get old people to change habits like smoking and overeating? 68 (Feb.)
What is your stand on routine use of hormone therapy after menopause? 40 (Mar.)
Would you be in favor of some form of national health insurance? 32 (Aug.)
Would you refer a patient for heart transplantation if you thought him a likely candidate? 32 (June)

X

Xylocaine® (lidocaine), antiarrhythmic properties: review (Gianelly & Harrison) 120 (Apr.)

Z

Zinc sulfate, therapy in atherosclerosis (Clinifoto, Henzel et al.) 82 (Feb.)

ABSTRACT INDEX

Abdomen, aortic aneurysms, place of surgery (Hall et al.) 187 (Oct.)

Adolph's Meat Tenderizer (papain) therapy for meat impaction (Clinical brief, Hargrove & Boyce) 106 (May)

Adrenal glands
bilateral adrenalectomy in metastatic breast cancer in men (Li et al.) 199 (Oct.)
insufficiency, metastatic cancer as cause (Meyer & D'Elia) 182 (May)

Aging and aged, prescription for successful aging (Krimsky) 227 (May)

Amantadine and L-dopa in parkinsonism (Weeth et al.) 191 (Nov.)

Amethopterin® (methotrexate), cirrhosis after psoriasis therapy (Epstein & Croft) 162 (Aug.)

Amphotericin B, guide to use (Bindschadler & Bennett) 223 (May)

Amyl nitrite inhalation test of latent ventricular function (International brief, Sawayama et al.) 139 (Feb.)

Anesthesia
and neuroleptanalgesia in poor-risk patients (Reyes et al.) 207 (May)
halothane, caution on repeated use (Cole) 218 (Mar.)

Aneurysms, abdominal aortic, place of surgery (Hall et al.) 187 (Oct.)

Antibiotics, amphotericine B, guide to use (Bindschadler & Bennett) 223 (May)

Anticoagulants for prophylaxis after myocardial infarctions (Seaman et al.) 168 (Jan.)

Antidepressants, BC-105, evaluation (Ayd) 186 (Jan.)

Antigen-antibody reactions, gamma globulin changes in liver biliary disease (Zawadzki & Edwards) 165 (Aug.)

Apparatus, Souttar tube, safe palliation in esophageal cancer (Zimmerman & King) 174 (Feb.)

Arteries
- aorta-to-coronary, bypass grafts (Urschel et al.) 201 (Sept.)
- brachial, iatrogenic occlusion (Thomas) 185 (Jan.)
- carotid, measurement of blood flow by Doppler detector in screening and identifying stroke-prone patients (Clinical brief, Kindt et al.) 89 (Apr.)
- femorotibial bypass, for salvaging of ischemic leg (Tyson & Reichle) 203 (May)
- hepatic, occlusion resulting in hemorrhagic pancreatic necrosis (International brief, Johansson) 131 (Jan.)
- occlusive disease, crossover femorofemoral bypass graft (Foley et al.) 190 (Mar.)
- polyarteritis presenting with leg pains (International brief, Golding) 153 (Aug.)

Arthritis, rheumatoid, pleural-fluid glucose test in differential diagnosis (Clinical brief, Carr et al.) 86 (Dec.)

Asian flu drug therapy (Clinical brief, Wingfield et al.) 87 (Jan.)

Asthma, differentiation from emphysema (Preiser et al.) 198 (Mar.)

Atherosclerosis, occlusions, venous thrombi, practical value of Doptone (Clinical brief, Parker & Bradham) 107 (Mar.)

B

BC-105, antidepressant for melancholics (Ayd) 186 (Jan.)

Biliary tract, "white bile," significance in biliary tree (Elmslie et al.) 191 (Mar.)

Biopsy
- bone, percutaneous trephine (Clinical brief, Waldman & Kleinfeld) 32 (Oct.)
- in polyarteritis presenting with leg pains (International brief, Golding) 153 (Aug.)
- muscles, in diagnosis of Wegener's granulomatosis (Epstein et al.) 125 (Dec.)

Bisacodyl and magnesium citrate for colon cleaning without enemas (Barnes) 185 (Aug.)

Blood
- changes in old patients with mental disorders (Brackenridge & McDonald) 177 (Apr.)
- hemodialysis, arteriovenous fistula (Eisinger et al.) 172 (Apr.)

Bone, biopsy, percutaneous trephine (Clinical brief, Waldman & Kleinfeld) 32 (Oct.)

Brain
- atrophy, pneumography valuable in diagnosis (Schechter) 178 (Nov.)
- cerebral injury, measurement of metabolic changes after (Katsurada et al.) 210 (Mar.)
- cerebral metastases from lung cancer (Spiers) 187 (Oct.)
- metastatic tumors, palliative surgery (Willmore & Smith) 215 (Mar.)

Breast
- cancer, lack of benefit in chemotherapy (Reilly & Fitzpatrick) 192 (Sept.)
- mastectomy, supplemented by radiotherapy (Lesnick) 219 (Mar.)
- metastatic cancer in men (Li et al.) 199 (Oct.)

Bronchodilators, value in wood dust hypersensitivity (Sosman et al.) 167 (Apr.)

Bruises, clue to vitamin C deficiency (International brief, Mitra) 186 (Mar.)

C

Cancer
- advanced, management (Mozden) 129 (Dec.)
- breast, lack of benefit in chemotherapy (Reilly & Fitzpatrick) 192 (Sept.)
- breast metastases in men (Li et al.) 199 (Oct.)
- breast, present status of mammography (Lapayowker) 214 (Oct.)
- breast, surgical results supplemented by radiotherapy (Lesnick) 219 (Mar.)
- cerebral metastases from lung (Spiers) 187 (Oct.)
- cervical, and trichomonas infestation (International brief, Berggren) 186 (Mar.)
- cervical, in elderly women (Siegler) 183 (Feb.)
- cervix, stage I, causes of death (Waggener) 185 (Nov.)
- esophageal, safe palliation (Zimmerman & King) 174 (Feb.)
- esophagus, distant metastasis (Stallone & Roe) 207 (Mar.)
- gastric, radiology plus cytology (Brito) 191 (Oct.)
- head and neck, hydroxyurea plus radiotherapy (Lerner et al.) 152 (Apr.)
- leukemia, chronic lymphocytic, in families (Fraumeni et al.) 210 (Oct.)
- lung, radical lobectomy, procedure of choice (Ramsey et al.) 185 (Sept.)
- metastases as cause of adrenal insufficiency (Meyer & D'Elia) 182 (May)
- metastatic brain tumors, palliative surgery (Willmore & Smith) 215 (Mar.)
- metastatic, of penis (Pond & Wade) 167 (Apr.)
- myelomatosis, multiple, causing epistaxis (International brief, Ghosh) 139 (June)
- nasal septum, combined therapy (Lyons) 191 (Feb.)
- Paget's disease of female breast (Maier et al.) 210 (Oct.)
- rectal ampulla and rectosigmoid, procedure choice (Yerasimides et al.) 161 (June)
- renal pelvic, from phenacetin abuse (Angervall et al.) 179 (Feb.)
- screening, how to conduct (Frelick) 188 (May)
- small bowel, Hodgkin's sarcoma (Edwards) 221 (Mar.)
- solid tumor palliation by chemotherapy (Watne) 197 (Sept.)
- stomach, involving smooth muscle (Crocker) 219 (Oct.)
- stomach, second primary (clinical brief, Rankin et al.) 150 (Nov.)
- stomach, squamous-cell (Milstoc) 184 (June)
- testicular germinal tumors (Boctor et al.) 139 (Dec.)
- urethral, occurrence with hyperparathyroidism (Huvos et al.) 174 (Apr.)

Cardiovascular disease, complete right bundle-branch block (McClenahan) 191 (Oct.)

Catheter, cystostomy, new silastic prosthesis (Clinical brief, Weinberg & Pagovich) 112 (Jan.)

Cells, exfoliative cytology plus radiology in gastric cancer (Brito) 191 (Oct.)

Cerebrospinal fluid, measurement of metabolic changes after brain injury (Katsurada et al.) 210 (Mar.)

Cerebrovascular disorders
- occlusive disease, crossover femorofemoral bypass graft (Foley et al.) 190 (Mar.)
- test for arterial reserve (Clinical brief, Kindt et al.) 89 (Apr.)

Chemotherapy
- breast cancer, lack of benefit (Reilly & Fitzpatrick) 192 (Sept.)
- solid tumor, cancer palliation (Watne) 197 (Sept.)

Circulation
- abdominal aortic aneurysms, place of surgery (Hall et al.) 187 (Oct.)
- anticoagulants after myocardial infarction (Seaman et al.) 168 (Jan.)
- aortic stenosis in elderly (Finegan et al.) 186 (May)
- arteriovenous fistula for hemodialysis (Eisinger et al.) 172 (Apr.)
- atrial septal defects, repair (Richmond et al.) 193 (May)
- bypass grafts from aorta to coronary artery (Urschel et al.) 201 (Sept.)
- cardiac pacing in myocardial infarction (Samet) 168 (Jan.)
- complete right bundle-branch block (McClenahan) 191 (Oct.)
- Doptone, practical value (Clinical brief, Parker & Bradham) 107 (Mar.)
- heart size effect on survival after myocardial infarct (Shanoff et al.) 162 (Aug.)
- hemiedema from heart failure (Heifant & Ptashkin) 214 (Oct.)
- therapy for shock in myocardial infarction (Cohn) 177 (Aug.)
- vasculitis, in Wegener's granulomatosis (Epstein et al.) 125 (Dec.)
- vein thrombosis, streptokinase treatment (Kakkar et al.) 167 (Jan.)

CLINICAL BRIEFS
- adaptation to caloric restriction (Bray) 102 (Feb.)
- cardiovascular syphillis (Prewitt) 106 (June)
- central venous pressure in prostatectomy (Kunin & Limbert) 163 (Mar.)
- cryotherapy for senile retinoschisis (Dobbie) 101 (Aug.)
- diagnostic clue in Wilson's disease (Leu et al.) 110 (June)
- digitalis effect in cardiogenic shock (Cohn et al.) 113 (May)
- drug therapy for Asian flu (Wingfield et al.) 87 (Jan.)
- enzyme therapy for meat impaction (Hargrove & Boyce) 106 (May)
- feasibility of prostheses for geriatric amputees (Kohn) 30 (Oct.)
- furosemide in severe renal disease (Gregory et al.) 97 (Aug.)
- how to encourage old patients to eat (Weiner) 124 (Mar.)
- intravenous vs. oral methotrexate (Perez-Tamayo et al.) 154 (Oct.)
- masquerading eye neoplasms (Thygeson) 99 (Jan.)

new prosthesis for cystostomy (Weinberg & Pagovich) 112 (Jan.)
overlooking of hyperparathyroidism (Rouse) 127 (May)
percutaneous trephine bone biopsy (Waldman & Kleinfeld) 32 (Oct.)
physical training in middle age (Siegel et al.) 118 (June)
pleural-fluid glucose test (Carr et al.) 86 (Dec.)
poor response to flu vaccine (D'Alessio et al.) 44 (Mar.)
postinfarction ventricular septal defect (Daugherty et al.) 63 (Dec.)
practical value of Doptone (Parker & Bradham) 107 (Mar.)
prosthetic thumb in rehabilitation (Nelson) 34 (Apr.)
reaction in prostate resection (Chindavijak & Oldford) 90 (Jan.)
rectal examination in myocardial infarction (Earnest & Fletcher) 126 (Feb.)
reserpine in Raynaud's disease (Romeo et al.) 131 (Nov.)
second primary cancer of stomach (Rankin et al.) 150 (Nov.)
sequential atrioventricular pacing (Chamberlain et al.) 101 (Oct.)
simplified test of pituitary function (Jubiz et al.) 37 (Nov.)
test for cerebral arterial reserve (Kindt et al.) 89 (Apr.)
therapy for fissure in ano (Kopjas) 61 (Apr.)
tilt table to encourage ambulation (Kaplan) 58 (Aug.)
tranquilizer after menopause (Douglas) 27 (Apr.)
unusual case of bacterial endocarditis (Bernstein et al.) 149 (Mar.)
value of low suprapubic prostatectomy (Nanninga & O'Conor) 168 (Sept.)

Colon
blind tube cecostomy in acute obstruction (Westdahl & Russell) 164 (June)
cleaning without enemas (Barnes) 185 (Aug.)
rectal ampulla and rectosigmoid, surgical procedures (Yerasimides et al.) 161 (June)
rectal examination in myocardial infarction (Clinical brief, Earnest & Fletcher) 126 (Feb.)

Corn on fifth toe, results of surgery (Van Pelt) 189 (Feb.)

Corticosteroids in treatment of Wegener's granulomatosis (Epstein et al.) 125 (Dec.)

Cryotherapy for senile retinoschisis (Clinical brief, Dobbie) 101 (Aug.)

Cysts, urachal, symptoms associated with prostatism (Breschi) 194 (Feb.)

Cytology, gastric, superficial cancer of stomach simulating benign disease (Mainzer et al.) 154 (Aug.)

D

Depo-medrol® (methylprednisolone acetate) for hemolytic glaucoma (Kiess et al.) 153 (Apr.)

Diabetes
bilateral foot drop may be first sign (Shahani & Spalding) 203 (Mar.)
glybenclamide (HB 419) therapy (International brief, Burns) 157 (Feb.)

Diazepam in treatment of myoclonus (Sherwin & Redmon) 163 (Jan.)

Diet
caloric restriction, adaptation of body (Clinical brief, Bray) 102 (Feb.)
inadequate, how to encourage elderly to eat (Clinical brief, Weiner) 124 (Mar.)

Digestive tract
cholangitis, primary sclerosing, recognition (Weinstein et al.) 205 (Oct.)
duodenal ulcer, vagotomy and antrectomy (Berardi) 193 (Nov.)
pancreatitis, sclerosing, complications (Looby et al.) 189 (Nov.)
tumors of smooth muscle of stomach (Crocker) 219 (Oct.)

Digitalis effect in cardiogenic shock (Clinical brief, Cohn et al.) 113 (May)

Digoxin, differing metabolism in aged (Ewy et al.) 133 (Dec.)

Doppler blood flow detector, value in screening and identifying stroke-prone patients (Clinical brief, Kindt et al.) 89 (Apr.)

Doptone, practical value (Clinical brief, Parker & Bradham) 107 (Mar.)

Drugs
cancer palliation by solid tumor chemotherapy (Watne) 197 (Sept.)
for anesthesia in poor-risk patients (Reyes et al.) 207 (May)
in management of advanced cancer (Mozden) 129 (Dec.)
phenacetin-containing analgesics, carcinogenic effect (Angervall et al.) 179 (Feb.)
pulmonary edema, reaction in prostate resection (Clinical brief, Chindavijak & Oldford) 90 (Jan.)
therapy for Asian flu (Clinical brief, Wingfield et al.) 87 (Jan.)

Dulcolax® (bisacodyl) and magnesium citrate for colon cleansing without enemas (Barnes) 185 (Aug.)

E

Edema
hemiedema from heart failure (Helfant & Ptashkin) 214 (Oct.)
pulmonary, treatment and prevention, in prostate resection (Clinical brief, Chindavijak & Oldford) 90 (Jan.)

Electromyogram for confirming bilateral foot drop, sign of diabetes (Shahani & Spalding) 203 (Mar.)

Emphysema
differentiation from asthma (Preiser et al.) 198 (Mar.)
renal, grave prognosis (Banks et al.) 193 (Nov.)

Enzymes
proteolytic, ointment, for fissure in ano (Clinical brief, Kopjas) 61 (Apr.)
therapy, for meat impaction (Clinical brief, Hargrove & Boyce) 106 (May)

Esophagoscopy to investigate dysphagia, in distant metastasis to esophagus (Stallone & Roe) 207 (Mar.)

Esophagus
and bronchial tree, benign fistula between (Sebastian et al.) 173 (Aug.)
cancer, safe palliation (Zimmerman & King) 174 (Feb.)
distal, impacted meat blockage, enzyme therapy (Clinical brief, Hargrove & Boyce) 106 (May)
gastric reflux into, method to prevent (Harrison & Norton) 188 (May)
metastatic tumors, arising from primary tumors in distant organs (Stallone & Roe) 207 (Mar.)

Exercise, physical training program beneficial to sedentary blind men (Clinical brief, Siegel et al.) 118 (June)

Eyes
corneal grafts, limited life in Fuchs' dystrophy (Stocker & Irish) 163 (Apr.)
corneal ulcer, chronic, therapy problems (DeVoe) 219 (May)
hemolytic glaucoma, histopathologic diagnosis (Kiess et al.) 153 (Apr.)
neoplasms masquerade as conjunctivitis or keratitis (Clinical brief, Thygeson) 99 (Jan.)
senile retinoschisis, cryotherapy (Clinical brief, Dobbie) 101 (Aug.)

F

Foot, toe, "hammertoe five," surgery, long-term results appear highly satisfactory (Van Pelt) 189 (Feb.)

Fuchs' dystrophy, limited life of corneal grafts (Stocker & Irish) 163 (Apr.)

Furosemide in severe renal disease (Clinical brief, Gregory et al.) 97 (Aug.)

G

Gallbladder, cholangitis, primary sclerosing, recognition (Weinstein et al.) 205 (Oct.)

Gastrocamera, view of stomach lesions (Schuman) 162 (Jan.)

Gastrointestinal tract
gallstone ileus, management (Manax) 184 (Apr.)
gastric secretory response to insulin (Isenberg et al.) 171 (Aug.)
ileus therapy, use of sympathetic blocking agents (Catchpole) 212 (May)
small bowel, Hodgkin's sarcoma (Edwards) 221 (Mar.)

Genes photographed in action producing precursor molecules (Miller & Beatty) 184 (Sept.)

Globulins, gamma, changes in liver biliary disease (Zawadzki & Edwards) 165 (Aug.)

Glucose
insulin resistance in cirrhosis (Berkowitz) 156 (Apr.)
test of pleural fluid valuable in differential diagnosis of effusion (Clinical brief, Carr et al.) 86 (Dec.)

Glybenclamide (HB 419) in diabetes (International brief, Burns) 157 (Feb.)

Gout carbohydrate, insulin metabolism (Boyle et al.) 125 (Dec.)

Grafts, corneal, limited life in Fuchs' dystrophy (Stocker & Irish) 163 (Apr.)

H

Hair, alopecias, female, common cause (Goldschmidt) 183 (Oct.)

Halothane, caution on repeated use (Cole) 218 (Mar.)

Heart
- block, sequential atrioventricular pacing (Clinical brief, Chamberlain et al.) 101 (Oct.)
- cardiac pacing in myocardial infarction (Samet) 168 (Jan.)
- cardiogenic shock, digitalis effect (Clinical brief, Cohn et al.) 113 (May)
- cardiovascular syphilis (Clinical brief, Prewitt) 106 (June)
- complete right bundle-branch block (McClenahan) 191 (Oct.)
- digoxin therapy, differing metabolism in aged (Ewy et al.) 133 (Dec.)
- endocarditis, bacterial, following myocardial infarction (Clinical brief, Bernstein et al.) 149 (Mar.)
- failure, hemiedema (Helfant & Ptashkin) 214 (Oct.)
- function, phonocardiographic assessment (Friedman & Davison) 165 (Aug.)
- ischemic, latent impairment of ventricular function (International brief, Sawayama et al.) 139 (Feb.)
- postinfarction ventricular septal defect (Clinical brief, Daugherty et al.) 63 (Dec.)
- size effect on survival after myocardial infarct (Shanoff et al.) 162 (Aug.)
- therapy for shock in myocardial infarction (Cohn) 177 (Aug.)
- valvular disease, valve replacement gives encouraging results (Ahmad & Starr) 160 (June)

Hemodialysis, arteriovenous fistula (Eisinger et al.) 172 (Apr.)

Hemorrhage
- epistaxis from multiple myelomatosis (International brief, Ghosh) 139 (June)
- intraocular, represents primary pathology in diagnosis of hemolytic glaucoma (Kiess et al.) 153 (Apr.)

Hereditary disease, leukemia in families (Fraumeni et al.) 210 (Oct.)

Hodgkin's disease, sarcoma of small bowel (Edwards) 221 (Mar.)

Hormones
- estrogens and meprobamate for tranquilization after menopause (Clinical brief, Douglas) 27 (Apr.)
- insulin, gastric secretory response (Isenberg et al.) 171 (Aug.)

Hydroxyurea plus radiotherapy for head, neck cancer (Lerner et al.) 152 (Apr.)

Hypertension
- rapid-sequence urogram as screen (Cornell) 181 (Apr.)
- renovascular, recognition (Tarney & Warden) 171 (June)

I

Infarction myocardial
- anticoagulant therapy after (Seaman et al.) 168 (Jan.)
- bacterial endocarditis after (Clinical brief, Bernstein et al.) 149 (Mar.)
- cardiac pacing (Samet) 168 (Jan.)
- heart size effect on survival (Shanoff et al.) 162 (Aug.)
- rectal examination (Clinical brief, Earnest & Fletcher) 126 (Feb.)
- sequential atrioventricular pacing (Clinical brief, Chamberlain et al.) 101 (Oct.)
- therapy for shock (Cohn) 177 (Aug.)
- ventricular septal defect after (Clinical brief, Daugherty et al.) 63 (Dec.)

Infections
- bacterial endocarditis, following myocardial infarction (Clinical brief, Bernstein et al.) 149 (Mar.)
- pneumonia from lesser sac abscess (Faegenburg et al.) 175 (June)
- Q fever, widespread occurrence (Carilli) 181 (Jan.)
- trichomonas vaginalis and cervical cancer (International brief, Berggren) 186 (Mar.)

Influenza, Asian, poor response to flu vaccine (Clinical brief, D'Alessio et al.) 44 (Mar.)

INTERNATIONAL BRIEFS
- epistaxis from multiple myelomatosis (Ghosh) 139 (June)
- glybenclamide (HB 419) in diabetes 157 (Feb.)
- hyperuricemia in stroke patients (Pearce & Aziz) 158 (Jan.)
- latent impairment of ventricular function (Sawayama et al.) 139 (Feb.)
- method for excision of rectum (Johnston) 186 (Mar.)
- pancreatic necrosis in carcinoid disease (Johansson) 131 (Jan.)
- polyarteritis presenting with leg pains (Golding) 153 (Aug.)
- trichomonas infestation and cervical cancer (Berggren) 186 (Mar.)
- vitamin C deficiency in aged (Mitra) 186 (Mar.)

Intestines, ileus therapy, use of sympathetic blocking agents (Catchpole) 212 (May)

Intoxication, halothane, caution on repeated use (Cole) 218 (Mar.)

J

K

Kabikinase® (streptokinase) in treatment of deep vein thrombosis (Kakkar et al.) 167 (Jan.)

Kidney
- changes, in Wegener's granulomatosis (Epstein et al.) 125 (Dec.)
- renal emphysema, grave prognosis (Banks et al.) 193 (Nov.)
- renovascular hypertension, recognition (Tarney & Warden) 171 (June)
- parenchymal disease, furosemide therapy (Clinical brief, Gregory et al.) 97 (Aug.)

L

Laryngopharynx, myoblastoma (Sardana & Yadav) 192 (Sept.)

L-dopa
- and amatadine in parkinsonism (Weeth et al.) 191 (Nov.)
- in postencephalitic parkinsonism (Paulson et al.) 175 (Feb.)

Leg
- ischemic, femorotibial bypass for salvaging (Tyson & Reichle) 203 (May)
- pains, polyarteritis a possibility (International brief, Golding) 153 (Aug.)

Lidocaine wheal, arteriovenous fistula for hemodialysis (Eisinger et al.) 172 (Apr.)

Liver
- biliary disease, gamma globulin changes (Zawadzki & Edwards) 165 (Aug.)
- cirrhosis after psoriasis therapy with methotrexate (Epstein & Croft) 162 (Aug.)
- cirrhosis, insulin resistance (Berkowitz) 156 (Apr.)
- hepatolenticular degeneration, diagnostic clue (Clinical brief, Leu et al.) 110 (June)
- imaging, diagnostic value (Wilkinson) 198 (May)
- necrosis, caution on repeated use of halothane (Cole) 218 (Mar.)

Lung
- cancer, cerebral metastases fatal complications (Spiers) 187 (Oct.)
- cancer, radical lobectomy, procedure of choice (Ramsey et al.) 185 (Sept.)
- lesions, in Wegener's granulomatosis (Epstein et al.) 125 (Dec.)

Lupus erythematosus, systemic, pleural-fluid glucose test for diagnosis (Clinical brief, Carr et al.) 86 (Dec.)

Lymph gland, chronic lymphocytic leukemia in families (Fraumeni et al.) 210 (Oct.)

M

Magnesium and potassium concentrations, blood changes in old patients with mental disorders (Brackenridge & McDonald) 177 (Apr.)

Mammograms, present status (Lapayowker) 214 (Oct.)

Menopause, need for tranquilization after (Clinical brief, Douglas) 27 (Apr.)

Meprobamate and conjugated equine estrogens for tranquilization after menopause (Clinical brief, Douglas) 27 (Apr.)

Metabolism
- adaptation to caloric restriction (Clinical brief, Bray) 102 (Feb.)
- carbohydrate, insulin, in gout (Boyle et al.) 125 (Dec.)
- insulin resistance in cirrhosis (Berkowitz) 156 (Apr.)
- measurement of metabolic changes after brain injury (Katsurada et al.) 210 (Mar.)

Methotrexate
- cirrhosis after psoriasis therapy (Epstein & Croft) 162 (Aug.)
- intravenous vs. oral (Clinical brief, Perez-Tamayo et al.) 154 (Oct.)

Methylprednisolone acetate and prednisone for hemolytic glaucoma (Kiess et al.) 153 (Apr.)

Milprem® (meprobamate) and conjugated equine estrogens for tranquilization after menopause (Clinical brief, Douglas) 27 (Apr.)

Mouth and pharynx, intravenous vs. oral methotrexate for advanced lesions (Clinical brief, Perez-Tamayo et al.) 154 (Oct.)

Muscles
- action myoclonus, effectiveness of diazepam (Sherwin & Redmon) 163 (Jan.)

biopsy, in diagnosis of Wegener's granulomatosis (Epstein et al.) 125 (Dec.)
smooth, tumors of stomach (Crocker) 219 (Oct.)

N

Nerve section, vagotomy and antrectomy for duodenal ulcer (Berardi) 193 (Nov.)

Nerves, lateral popliteal and ulnar, in diabetes (Shahani & Spalding) 203 (Mar.)

Nervous system, measurement of metabolic changes after brain injury (Katsurada et al.) 210 (Mar.)

Neuroleptanalgesia and anesthesia in poor-risk patients (Reyes et al.) 207 (May)

Nose
epistaxis from multiple myelomatosis (International brief, Ghosh) 139 (June)
septum, management of cancer (Lyons) 191 (Feb.)

O

Osteoporosis, symptomatic therapy (Saville) 195 (May)

P

Pacemakers, sequential atrioventricular pacing (Clinical brief, Chamberlain et al.) 101 (Oct.)

Paget's disease of female breast (Maier et al.) 210 (Oct.)

Pain, leg, polyarteritis a possibility (International brief, Golding) 153 (Aug.)

Pancreas
effect of disorders of digestive organs (Forell et al.) 183 (May)
necrosis in carcinoid disease (International brief, Johansson) 131 (Jan.)
sclerosing pancreatitis, complications (Looby et al.) 189 (Nov.)

Papain therapy for meat impaction (Clinical brief, Hargrove & Boyce) 106 (May)

Papanicolaou smears needed throughout life (Siegler) 183 (Feb.)

Parkinson's disease
L-dopa, amantadine therapy (Weeth et al.) 191 (Nov.)
postencephalitic, use of L-dopa (Paulson et al.) 175 (Feb.)

Pharynx and oral cavity, intravenous vs. oral methotrexate for advanced lesions (Clinical brief, Perez-Tamayo et al.) 154 (Oct.)

Phenacetin, carcinogenic effect (Angervall et al.) 179 (Feb.)

Phlebography, intraosseous postmortem, of the legs (Lund et al.) 181 (Jan.)

Phonocardiogram to assess heart function (Friedman & Davison) 165 (Aug.)

Pituitary gland function, single dose metyrapone test (Clinical brief Jubiz et al.) 37 (Nov.)

Pleural fluid test of glucose useful in differential diagnosis of effusion (Clinical brief, Carr et al.) 86 (Dec.)

Pneumograms valuable diagnostic tool when brain atrophy suspected (Schechter) 178 (Nov.)

Postmortem examinations, phlebography of the legs (Lund et al.) 181 (Jan.)

Potassium and magnesium concentrations, blood changes in old patients with mental disorders (Brackenridge & McDonald) 177 (Apr.)

Prednisone and methylprednisolone acetate for hemolytic glaucoma (Kiess et al.) 153 (Apr.)

Pressure, central venous, monitoring during transurethral prostatectomy (Clinical brief, Kunin & Limbert) 163 (Mar.)

Prostate grand
intravesical growth (Bernstein et al.) 180 (Aug.)
prostatectomy, transurethral, central venous pressure monitoring (Clinical brief, Kunin & Limbert) 163 (Mar.)
resection, reaction from fluid absorption (Clinical brief, Chindavijak & Oldford) 90 (Jan.)
symptoms due to urachal cyst (Breschi) 194 (Feb.)
value of low suprapubic prostatectomy (Nanninga & O'Conor) 168 (Sept.)

Prostheses
aortic, Teflon tube in crossover femoro-femoral bypass graft (Foley et al.) 190 (Mar.)
feasibility for geriatric amputees (Kohn) 30 (Oct.)
thumb, valuable rehabilitation instrument (Clinical brief, Nelson) 34 (Apr.)
valve replacement, gives encouraging results (Ahmad & Starr) 160 (June)

Psoriasis, methotrexate therapy, cirrhosis after (Epstein & Croft) 162 (Aug.)

Psychoneuroses
depression, evaluation of BC-105, new antidepressant (Ayd) 186 (Jan.)
emotional reactions, feelings of insecurity cause inadequate dietary intake (Clinical brief, Weiner) 124 (Mar.)
psychiatric disorders, blood changes in old patients (Brackenridge & McDonald) 177 (Apr.)

Q

Q fever, widespread occurrence (Carilli) 181 (Jan.)

R

Radioisotopes, liver imaging, diagnostic value (Wilkinson) 198 (May)

Raynaud's disease, reserpine therapy (Clinical brief, Romeo et al.) 131 (Nov.)

Rectum
abdominoperineal excision, method (International brief, Johnston) 186 (Mar.)
fissure in ano, enzymatic ointment therapy (Clinical brief, Kopjas) 61 (Apr.)
stenosis, graft technique (Sarner) 228 (May)

Reflex, foot drop as sign of diabetes (Shahani & Spalding) 203 (Mar.)

Rehabilitation
cosmetic, prosthetic thumb valuable instrument (Clinical brief, Nelson) 34 (Apr.)
tilt table to encourage ambulation (Clinical brief, Kaplan) 58 (Aug.)

Reserpine in Raynaud's disease (Clinical brief, Romeo et al.) 131 (Nov.)

Respiratory tract
benign fistula between esophagus and bronchial tree (Sebastian et al.) 173 (Aug.)
bronchial obstructive disease, hypersensitivity to wood dusts (Sosman et al.) 167 (Apr.)
emphysema, differentiation from chronic asthma (Preiser et al.) 198 (Mar.)
myoblastoma of laryngopharynx (Sardana & Yadav) 192 (Sept.)
pneumonia from lesser sac abscess (Faegenburg et al.) 175 (June)
pulmonary therapy before surgery for poor-risk patients (Stein & Cassara) 181 (June)
Q fever, widespread occurrence (Carilli) 181 (Jan.)

Roentgen examination
angiography, to determine location of stroke lesion (Raskind & Weiss) 198 (Mar.)
cineradiography, in locating stroke lesions (Raskind & Weiss) 198 (Mar.)
gastrointestinal tract and peritoneal coverings, in diagnosis of pneumonia from lesser sac abscess (Faegenburg et al.) 175 (June)
in superficial cancer of stomach simulating benign disease (Mainzer et al.) 154 (Aug.)
myelography in cervical spondylosis (Wilkinson et al.) 172 (Jan.)
of chest in cerebral metastases from lung cancer (Spiers) 187 (Oct.)
tomography in differentiating emphysema from chronic asthma (Preiser et al.) 198 (Mar.)
urogram, rapid-sequence, as screen in hypertension (Cornell) 181 (Apr.)

Roentgen therapy
after radical mastectomy (Lesnick) 219 (Mar.)
plus cytology in gastric cancer (Brito) 191 (Oct.)

S

Scanning, brain, technetium 99, in patients with cerebral metastases from lung (Spiers) 187 (Oct.)

Serpasil® (reserpine), in Raynaud's disease (Clinical brief, Romeo et al.) 131 (Nov.)

Skin
alopecias, female, common cause (Goldschmidt) 183 (Oct.)
changes, necrotic and vesicular, in Wegener's granulomatosis (Epstein et al.) 125 (Dec.)
degenerated, value of protecting from sunlight (Freeman & Knox) 171 (Aug.)
dermatoses in elderly (Kocsard & Ofner) 180 (Aug.)
hyperpigmentation, diagnostic clue in Wilson's disease (Clinical brief, Leu et al.) 110 (June)
plus hydroxyurea for head, neck cancer (Lerner et al.) 152 (Apr.)
psoriasis, cirrhosis after methotrexate therapy (Epstein & Croft) 162 (Aug.)

Spine, myelography in cervical spondylosis (Wilkinson et al.) 172 (Jan.)

Steri-strip® (adhesive tape) closure of surgical wounds (Conolly et al.) 176 (Jan.)

Stomach
lesions, gastrocamera view (Schuman) 162 (Jan.)
superficial cancer simulating benign disease (Mainzer et al.) 154 (Aug.)
see also Cancer

Streptokinase in treatment of deep vein thrombosis (Kakkar et al.) 167 (Jan.)

Stroke
feasibility of surgery (Raskind & Weiss) 198 (Mar.)
hyperuricemia in cerebral infarction and cerebral hemorrhage (International brief, Pearce & Aziz) 158 (Jan.)

Surgical procedures
abdominoperineal resection and anterior resections in cancer of rectal ampulla and rectosimoid (Yerasimides et al.) 161 (June)
aneurysmectomy in abdominal aortic aneurysms (Hall et al.) 187 (Oct.)
bilateral adrenalectomy in metastasis breast cancer in men (Li et al.) 199 (Oct.)
cecostomy, blind tube, use in colon obstruction (Westdahl & Russell) 164 (June)
crossover femoro-femoral bypass graft in occlusive disease (Foley et al.) 190 (Mar.)
enterotomy in management of gallstone ileus (Manax) 184 (Apr.)
feasibility for stroke lesions (Raskind & Weiss) 198 (Mar.)
"hammertoe five," long-term results appear highly satisfactory (Van Pelt) 189 (Feb.)
palliative, for metastatic brain tumors (Willmore & Smith) 215 (Mar.)
saphenous bypass in iatrogenic occlusion of brachial artery (Thomas) 185 (Jan.)
secundum atrial septal defects repair (Richmond et al.) 193 (May)
tape closure of surgical wounds (Conolly et al.) 176 (Jan.)

T

Testes, germinal tumors (Boctor et al.) 139 (Dec.)

Tests
amyl nitrite for latent ventricular function in ischemic heart disease (International brief, Sawayama et al.) 139 (Feb.)
for cerebral arterial reserve (Clinical brief, Kindt et al.) 89 (Apr.)
glucose in pleural fluid useful for differential diagnosis of effusion (Clinical brief, Carr et al.) 86 (Dec.)
metyrapone, single-dose, simple and reliable of pituitary function (Clinical brief, Jubiz et al.) 37 (Nov.)
persistently elevated serum calcium, for primary hyperparathyroidism (Clinical brief, Rouse) 127 (May)
screening, in hypertension, rapid-sequence urogram (Cornell) 181 (Apr.)
tuberculin, failures despite active disease (Howard et al.) 182 (Oct.)

Thrombosis
brachial artery, iatrogenic occlusion (Thomas) 185 (Jan.)
deep vein, streptokinase treatment (Kakkar et al.) 167 (Jan.)
practical value of Doptone (Clinical brief, Parker & Bradham) 107 (Mar.)

Thyroid gland
adenomas of parathyroid, problems posed (Gross & Snedecor) 186 (May)
hyperparathyroidism, occurrence of urethral cancer (Huvos et al.) 174 (Apr.)
overlooking of hyperparathyroidism (Clinical brief, Rouse) 127 (May)

Tuberculosis test failures despite active disease (Howard et al.) 182 (Oct.)

Tumors
adenomas of parathyroid, problems posed (Gross & Snedecor) 186 (May)
breast, radical mastectomy supplemented by radiotherapy (Lesnick) 219 (Mar.)
carcinoid disease, pancreatic necrosis (International brief, Johansson) 131 (Jan.)
epithelial renal pelvic, from phenacetin abuse (Angervall et al.) 179 (Feb.)
external eye, masquerade as conjunctivitis or keratitis (Clinical brief, Thygeson) 99 (Jan.)
metastatic brain, palliative surgery (Willmore & Smith) 215 (Mar.)
metastatic, of penis (Pond & Wade) 167 (Apr.)
metastatic, to esophagas, can arise from primary tumors in distant organs (Stallone & Roe) 207 (Mar.)
muscle, smooth, of stomach (Crocker) 219 (Oct.)
myoblastoma of laryngopharynx (Sardana & Yadav) 192 (Sept.)
myoma, recurrence after removal (Malone) 174 (Apr.)
sarcoma, Hodgkin's, of small bowel (Edwards) 221 (Mar.)
solid, cancer palliation by chemotherapy (Watne) 197 (Sept.)
squamous-cell, cancer of stomach (Milstoc) 184 (June)
testicular germinal (Boctor et al.) 139 (Dec.)

U

Ulcer
corneal, chronic, therapy problems (DeVoe) 219 (May)
duodenal, vagotomy and antrectomy (Berardi) 193 (Nov.)
fistula, benign, between esophagus and bronchial tree (Sebastian et al.) 173 (Aug.)

Uric acid, hyperuricemia in stroke patients (International brief, Pearce & Aziz) 158 (Jan.)

Urinary tract
bladder, filling effects within resulting from intravesical growth of prostate gland (Bernstein et al.) 180 (Aug.)
cystostomy, new silastic prosthesis (Clinical brief, Weinberg & Pagovich) 112 (Jan.)
metastatic cancer of penis (Pond & Wade) 167 (Apr.)
occurrence of urethral cancer with hyperparathyroidism (Huvos et al.) 174 (Apr.)
renal emphysema, grave prognosis (Banks et al.) 193 (Nov.)
urachal cyst, symptoms associated with prostatism (Breschi) 194 (Feb.)
vesicoureteral reflux in adults (Kern & Malament) 143 (Dec.)

Uterus
cervical cancer and trichomonas infestation (International brief, Berggren) 186 (Mar.)
cervix, cancer in elderly women (Siegler) 183 (Feb.)
cervix, stage I cancer, causes of death (Waggener) 185 (Nov.)

V

Vaccines, influenza virus, poor response (Clinical brief, D'Alessio et al.) 44 (Mar.)

Valium® (diazepam) in treatment of myoclonus (Sherwin & Redmon) 163 (Jan.)

Veins
autogenous saphenous, used in bypass grafts from aorta to coronary artery (Urschel et al.) 201 (Sept.)
central venous pressure during transurethral prostatectomy (Clinical brief, Kunin & Limbert) 163 (Mar.)
thromboembolism, postmortem phlebography of the legs (Lund et al.) 181 (Jan.)
thrombosis, streptokinase treatment (Kakkar et al.) 167 (Jan.)

Venereal disease, cardiovascular syphilis (Clinical brief, Prewitt) 106 (June)

Virus disease, influenza vaccines, poor response (Clinical brief, D'Alessio) 44 (Mar.)

Vitamin C, deficiency, bruising may be clue (International brief, Mitra) 186 (Mar.)

W

Wegener's granulomatosis, atypical signs (Epstein et al.) 125 (Dec.)

Wilson's disease, diagnostic clue (Clinical brief, Leu et al.) 110 (June)

X

Xylocaine® (lidocaine) wheal, arteriovenous fistula for hemodialysis (Eisinger et al.) 172 (Apr.)
